USE CASE NAME

DESCRIPTION AND GOAL

Describes the context of the goal.

ACTORS (ESP. PRIMARY ACTOR)

List of actors, listed according to the frequency they are expected to initiate the use case.

PRECONDITIONS

List of items that must be fulfilled or true before the use case is initiated.

BASIC FLOW

1. Step 1.
2. Step 2.
3. Step 3.

EXTENSIONS / VARIATIONS

1a. Variations or extensions to the steps listed above. "1a" here means that there is an extension or variation to step 1, above.

1b. The second variation of step 1. Avoid more than one level of variation.

POST CONDITIONS

The state of the system after performing the use case.

SPECIAL REQUIREMENTS, ISSUES, RISKS AND OTHER COMMENTS

Enumerations of any special requirements, especially items that developers or technical writers are unlikely to be aware of. List of open issues, questions or risks. These do not have to be resolved before work on the use case begins, but must be resolved before the release containing the use is considered complete.
